

Do Chapter 7 project #6 Rain or Shine, p. 455.

Use RainOrShine.txt.

/* SAMPLE RUN RESULTS

If you are using a wrong file name it should tell:

Error opening data file

If all is OK output will look like:

Summer Weather Report

Month	Rainy	Cloudy	Sunny
June	11	8	11
July	11	14	5
August	16	7	7
Totals	38	29	23

August had the most rainy days.
