

Read, understand and write *.cpp code for Pr4, Chapter 4 Programming Challenge #10 Days in a Month, p. 223.

The output should look like:

Enter a month (1-12): 0

Month should be between 1 and 12

Or

Enter a month (1-12): 13

Month should be between 1 and 12

Or

Enter a month (1-12): 2

Enter a year: 2020

29 days
